

Dr. Neil R. Miller, MD, FACS

Keynote speaker

Dr. Neil Miller - Marcus Gunn Lecture - Advances in the Diagnosis and Management of Primary Optic Nerve Sheath Meningiomas

Dr. Neil Miller is Emeritus Professor of Ophthalmology, Neurology, and Neurosurgery at the Johns Hopkins University School of Medicine. Dr. Miller was president of the North American Neuro-Ophthalmology Society from 2000 to 2002 and Chairman of its Executive Board from 2002 to 2004. He has been past president of the International Neuro-Ophthalmology Society on three occasions: in 1982, 1992, and 2008. He is also an emeritus member of the International Orbital Society. In 2009, he was given the Lifetime Achievement Award by the American Academy of Ophthalmology. He has authored or co-authored over 600 articles, 97 chapters, and 15 books, including the 4th edition of "Walsh and Hoyt's Clinical Neuro-Ophthalmology", and he has co-edited the 5th and 6th editions of this textbook as well as four editions of an abbreviated version of the textbook: "Walsh and Hoyt's Clinical Neuro-Ophthalmology: The Essentials", the most recent edition having been published in September 2020. Dr. Miller also has co-authored three editions of "The Neuro-Ophthalmology Survival Guide" with the third edition having been published in 2024. Dr. Miller has spoken at numerous local, national, and international meetings and has given 69 named lectures around the world. In addition to providing patient care and performing both bench and clinical research, Dr. Miller has participated in several national and international clinical treatment trials in the field of neuro-ophthalmology. Many of Dr. Miller's previous Fellows and residents hold faculty positions at major institutions throughout the United States and around the world.
